Advantage: [Products](#) > [Separate Placing Booms](#) > [MX 43/47Z](#)

MX 43/47Z

The MX 43/47Z-Meter placing boom is the largest placing boom in the industry that does not require a counterweight. Using the same maneuverable boom as Putzmeister's 47Z-Meter truck-mounted concrete boom pump, the MX 43/47Z boasts an impressive 138-foot one-inch (42.09m) horizontal reach, and is ideal for demanding jobs such as high-rise buildings, bridges, dams, and other specialty applications.
